SUSTAINABLE DEVELOPMENT GOALS

INDONESIAN LANGUAGE MODEL UNITED NATIONS 2022

Education and Training

United Nations Association of Australia, Victoria (UNAAV) and the Languages Unit - Department of Education and Training invite VCE Indonesian students to participate in the Indonesian Language Model United Nations being held on Thursday 28 July 2022. The assembly is supported by the Victorian Indonesian Language Teachers' Association (VILTA).

A UNAAV Model UN simulates a full-day session of the United Nations General Assembly. The day is conducted entirely in the Indonesian language and through role play and debate students have the opportunity to step into the shoes of country ambassadors and employ negotiation and diplomacy skills to express the views of their allocated country. Students present their allocated country's position to the General Assembly, interact with other delegates during the caucus sessions, and move amendments to a Draft Resolution.

Information packs for students, developed by UNAAV and translated by the VILTA, provide options to implement key learning areas of the VCE Indonesian common areas of study, including links to themes related to the changing world and Indonesian-speaking communities. This unique language immersion event is an opportunity for students to learn about international relations, the UN system and global issues in an engaging, dynamic environment, while developing their language skills.

Date: Thursday July 28, 2022
